# Louisville Democrat.

THURSDAY..... FEB. 12, 1857.

## Vocal Affairs.

For late and important news, we refer to the telegraph under the head of "River and Weather."

Our clever Steamboat Agents will confer a favor upon us by sending in their advices as early in the evening as convenient.

We respectfully call the attention of merchants, manufacturers and traders to the advantages of advertising, and would state, for their benefit, that the Louisville Democrat reaches very generally through Kentucky, Tennessee, Alabama, Mississippi, and Southern Indiana and Illinois. It stands at the head of the Democratic press South, in point of circulation, and offers a tax medium of communication for our wholesale dealers with the extensive trade centers at this point. Our terms are moderate, when the extent of our subscription is taken into account, and we are sure that a judicious system of advertising would pay ten fold its cost. We want to help the trade at this point, and we are sure the merchants of Louisville will help themselves by seeking the superior facilities our columns afford them.

*Democrat yesterday.*

Sheriff Megowan did lash the black rascals as the law required, but the negroes were not the murderers of the "Joyce Family." It was the party who killed a negro man, the property of Mr. Raymond, the gardener, that received the whipping on Tuesday. The Joyce murderers are yet to receive the penalty of the law. Hanging is too good for them.

**OBSTACLES IN FLOYD STREET.**—Francis Longaker and John Heppner were arraigned before the Police Court yesterday upon an ordinance warrant for obstructing Floyd street, in front of the Hook and Ladder Engine-house. They have just completed the engine-house, and owing to the frozen condition of the mortar, etc., they had been unable to remove it. Paying the costs of the warrant and suit, and promising to remove the rubbish immediately, the case was dismissed.

**FERRY BOAT IN DISTRESS.**—One of the Jeffersonville ferry-boats, owing to the accumulation of ice, missed her landing on the Jeffersonville side yesterday afternoon, and was carried down in the rock at the head of the Falls. She was piling ashore at 11 o'clock last night without effecting anything in the way of a landing. Among other passengers was the messenger of the Adams Express Company.

**A VAGRANT GOING HIS OWN SECURITY.**—William Scott was brought into Police Court yesterday, with the view of investigating a charge of vagrancy which has been made against him. He has been in the work-house a month already awaiting the investigation. The trial was continued a month, the court taking Scott as bail for his own appearance.

**ARREST OF A HORSE-THEFT.**—Post-Office Clerk in a New Sphere.—A man by the name of George Hughes, with aliases enough to supply a dozen fellows, was arrested at the city post-office about 3 o'clock yesterday afternoon, under the following circumstances: Presuming that George has recently escaped from the Xenia, Ohio jail, where he was confined on a charge of horse-stealing, he located temporarily in Lexington, Ky., whence he wrote to Dr. Holt, post-master at Covington, Ky., to forward his letters from that office to Louisville. The police of this city were immediately advised of his movements by telegraph, and, in connection with a Cincinnati policeman, have been on the lookout for him ever since. Hughes called at the general delivery yesterday afternoon for letters, when Mr. Wm. H. Newman, who officiates in that department, nobled and handed him over to officer Seaton. We do not know the extent of the reward offered for his apprehension, but understand Mr. Newman's share of the reward will be something less than a thousand dollars.

**A SUGGESTION.**—It is, perhaps, unknown to most of the present generation of Louisvillians, that many enterprising and discerning gentlemen were struck, fifty years ago, with the practicability of applying the immense water-power of the Falls to the propulsion of machinery, and that the most feasible plans were proposed for the consummation of that object. When we are looking about us for power in the construction of our Water Works, it is but natural that the practical mind should suggest the application of this great natural motive power. There is sufficient water-power at the Falls of the Ohio to supply all the manufacturers in Kentucky, which might be made available at a cost equal to that necessary for the construction of steam Water Works alone. It would be well to think over this matter seriously.

**SIGNOR HERNANDEZ'S BENEFIT.**—The complimentary benefit to Signor Hernandez, at Mozart Hall last evening, was one of the most pleasing musical entertainments of the present season in Louisville. We were highly delighted with the efforts of the beneficiary, and do not qualify our admiration of Signorina Berlini, particularly as she appeared in her imitations. The youthful Miss Snelling has fairly established herself with the admirers of fine instrumentation and vocalism, although in the midst of childhood. McCann, Ward, Low, Meeker, Van Pelt, Bachman, Bishop, and Swymmer, are old favorites, and more than sustained their reputations. We would like to hear from the amateurs again.

**GETTING WELL.**—Ben. W. Johnston, Esq., Clerk of the City Court, who has been confined to his room for some time by severe indisposition, are pleased to learn, is regaining his health once more.

**ARRESTING THE WRONG MAN.**—Officer Bligh arrested a man on the shore on Tuesday, suspected of stealing \$35 from a poor Irish woman. He appeared afterwards, however, that the wrong man had been arrested, and he was released. It was developed subsequently that Charles Watson, in Court a short time since upon the charge of chicken-stealing, had the money, and he was arraigned upon that charge before the Police Court yesterday, and most of the money was found upon his person. Pleading that he had received the money in change at some railroad office in the city, and professing his ability to prove the assertion, the Court continued the examination until to-day.

**EXTRA-OFFICIAL CONDUCT.**—It will be seen by the notice in another column that our distinguished Democratic friend, H. L. McClelland, Esq., High Sheriff of Johnson county, Ind., has been exceeding his official functions by coming to Kentucky and carrying away a fair prisoner, without so much as a requisition from the Governor of his own State to warrant the proceeding. He thought to buy our silence, doubtless, with that delicious cake which he sent us; but he should have known that we are not to be corrupted in that way. We call the attention of the Commissioner of the United States to his extra-official conduct.

**MAKING A NOISE IN THE WORLD.**—The beautiful little fire-engine of the Washington Company has received an attachment recently which will increase the facilities of the company for making a noise in the Louisville world. It consists of a high-toned Chinese gong, which is struck by a hammer at every revolution of the wheel, and the musical confusion which follows would be delightful to a Celestial audience. The company, doubtless, find this a great convenience, as the exact locality of the machine can thus be determined by errant members at a great distance.

**THEATER.**—Belphégor dragged heavily last night—not more, perhaps, than we should expect in any piece on its first presentation, after a short time for rehearsal. But it was only by Mr. Loraine's exertions it was saved. His Belphégor was a masterly portraiture. The most delicate lights and shadows of character were given with that excellence that denoted the actor and the student. To-night he will appear as Claude Melnotte, with Miss Lotty Hough as Pauline. The afterpiece will be amusing, and we hope to see it full house.

**A STREET-WALKER CAUGHT.**—A young fellow who was charmed by the appearance of a young lady yesterday, made bold to follow her at a distance to the maternal mansion, in Walnut street, between Wenzel and Campbell. Not satisfied with admiring her at a distance, he knocked at the front door after she had entered, but instead of meeting his little charmer, he encountered the old lady, who foiled him to the sidewalk more than once. Threatening the impudent young man with the police, he made his exit rather the worse for the indegence of a foolish curiosity.

**THE MURDERS OF THE JOYCE FAMILY.**—It will be remembered that the four negroes who were concerned in the Briar Creek tragedy, some time ago, in this country, were sentenced to receive two hundred lashes each. Gor Morehead exercised his clemency to the extent of one hundred and fifty lashes, subjecting them to but fifty. The fifty lashes were "well laid on" yesterday, by High Sheriff Megowan.

*Democrat yesterday.*

Sheriff Megowan did lash the black rascals as the law required, but the negroes were not the murderers of the "Joyce Family." It was the party who killed a negro man, the property of Mr. Raymond, the gardener, that received the whipping on Tuesday. The Joyce murderers are yet to receive the penalty of the law. Hanging is too good for them.

**ACCIDENT TO THE STEAMER ORION.**—Steamer Orion, Capt. John Ross, from Bayou Macou, with 624 bales of cotton, struck on an old wreck, when landing at Bayou Sara, on Sunday, 1st inst., which tore a hole in her, causing her to leak very badly. After leaving Bayou Sara and running a few miles, it was found that the water was increasing in the hold. Notwithstanding every exertion to keep it up, it was unavailing, and Capt. Ross landed her near the head of Propher's Island. The Natchez took 200 bales cotton, and the Indianapolis 300 bales, which lightened the boat so that Capt. Ross thought they would be able to keep her free.
